—Fancy is a swift aerial; she spreads her light wings and flies unseen. Just so with Crooke's "Never Fail" it passes from the mountains of Pine Hill, Ky., gently gliding into the afflicted families of the Green river regions of our glorious Old State, and comes out victorious on all occasions, for the cure of the disease for which it is recommended. Then do not fail to try a bottle, as the price is only 25 cents. For sale by Thomas & Kimbley, Hartford, Ky.

B. Armendt, of Owensboro, Ky., who will be at the Hartford House Friday, March 4th, 1881? Why, oh why?

—Mr. Chas. W. Phillips, ex-sheriff, received a letter recently informing him of the death of Mrs. John S. Whittinghill, of Madisonville. Mr. Gooch, of Hopkins county, and Mr. Whittinghill is a son of Rev. D. Whittinghill, formerly of this county, now a citizen of Hopkins.

—Persons owning sewing machines have always experienced great trouble in procuring needles for the different kinds used in the country. We are happy to inform our readers that this annoyance no longer exists, as Anderson's Bazaar has just closed a contract with the largest needle manufactory in America, so that parties using machines can secure any size needle for any make of machine. They can be sent by mail. Persons ordering should state the kind of machine and the number of thread they wish to use with the needles ordered. The price is 5 cents apiece, or 40 cents a dozen. Postage stamps will be taken as money. Remember the place—Anderson's Bazaar.

—Scene in a Market street store: "Mawin, Mars Bazarh? You haunt got no number seventeen shoes, has you?" "Well, you say we haven't, Uncle Dan?" "I golly, I ax you is you? Dat's what ole man's arter." It is needless to say that the old man was supplied, and the next thing we saw of him he was sitting on Gross Williams' stile block swinging about four pounds of upper and about four pounds and a half of the best sole leather on each foot, his eye balls turned wrong side out, while we thought he would sing his head off as he poured forth the following:

"Ole dem golden slippers;  
Ole dem golden slippers;  
What I does git at dat Bazarah."

The best goods we ever saw for the money are the home-made boots and shoes at Anderson's Bazaar.

—Who can tell what has become of the old military bounty land warrants? There is out-standing nearly twenty-five thousand of 100, 120, 30 and 40 acres each which were issued to soldiers or their heirs for services rendered in the Revolutionary war, Florida war, 1812 war, Mexican war, Aroostook war and Indian wars. They amount in the aggregate to over two million and five hundred thousand acres. They must be among the old papers left by your grandfather, your father or your mother, and not thought to be of any value. Let the reader of this article see if he or she cannot find one or more of them; when found, write Charles D. Gilmore, of Washington city, D. C., 629 F street, and you will be informed what to do to make it available to you.

—Call at R. P. Rowe's and buy one of those New American sewing machines.

—A large number of tobacco beds have been sown in this county, mostly of the White Burley seed.

—When you come to county court next Monday, leave your horse at Field's livery stable.

—If you have had teeth let this and then remind you that Dr. W. B. Armendt, the dentist, will be at the Hartford House on Friday, March 4th, 1881.

—R. C. Hardwick has three-pound can tomatoes for 15cts. Arbuckle's Roasted Coffee, 25cts. Jas. S. Kirk & Co's Blue Spag, 4 bars for 25cts. Will insure the above goods to be the best in town.

—Mr. Barney Patterson, of Centertown, left with us last week the forked rib of a hog. It is quite a curiosity. The animal had two of them—one on each side. Mr. Patterson also paid his year's subscription, like a great many others should do.

—And don't you forget it that Dr. W. B. Armendt, the dentist, will be in Hartford on Friday of this week and may be found at the Hartford House for a few days. Anything in the dental line can be furnished by him at most reasonable figures.

—Nice fresh groceries—the very best kind; These in abundance you always can find. At prices as low as ever before. At Mrs. Eidson's grocery store.

—Some good news in this paper, but the best of all is that J. Winter & Co., the great merchant tailors are receiving their spring goods. This branch of their business takes in the entire second floor of their house, corner of Third and Market streets, Louisville, Ky.

—When you meet with an accident—get a sprained ankle or are otherwise injured—don't go to the expense of sending for a doctor, but apply some of "Kendall's Spavin Cure" and you will experience relief at once. Read their advertisement in another column.

—Dr. W. B. Armendt, dentist, of Owensboro, will be found at the Hartford House next Friday and will remain but a few days. Those needing anything in his line should call immediately on his arrival, as "first come, first served," and the Doctor will not be long with us.

—Mrs. Lucy Eidson, successor to Griffin Bros., has a full supply of staple and fancy groceries. You will find this establishment just under the HERALD office, where Messrs. Wm. H. and P. White Eidson are in readiness to supply your wants. Give this house a trial when you wish anything in the grocery line.

—The protracted meeting, under the auspices of Revs. J. S. McDaniel and B. F. Orr, which has been in progress about ten days, is beginning to awake considerable interest in our people. The sermons preached by Bro. Orr, night after night, are very practical and convincing. It is expected that the meeting will result in quite a revival.

—The Only Lung Pad company, Detroit, Michigan, which has been advertised in our columns for the past three or four months, fail to pay up. We have no doubt that their remedy is like their finances, no good. Hereafter we propose to require all persons, not known to us to be perfectly responsible, to pay for advertising quarterly, in advance. We trust our exchanges everywhere will adopt this method.

—We visited Hartford College last Friday and found all the departments moving along as systematically as clock work. We visited each department and wound up by witnessing the spelling match between the boys and girls. It was a hard fought battle but the girls won. We have not enjoyed ourselves better for a long while. Next Friday morning they will have another contest and we propose to attend and give a minute account of it. Girls, beware; the boys say they will beat you or die trying. Don't let them do it.

**Married.**  
HUNTER—BENNETT.—At Mr. James Bennett's, the bride's brother, Ohio county, Ky., Feb. 24, 1881, by Rev. John T. Casbier, Mr. Seth T. Hunter to Miss Eddie Bennett. Happiness and long life to them.

**Old John's Opinion!**  
Editor Herald: I see that you and the Breckenridge News are having a dispute as to whether measles is plural or singular. Now, it seems to me to be a small matter whether it be plural or whether it be singular; the most singular of all things to me is that every one don't do like my wife Betsy—buy all their goods at Anderson's Bazaar.

Yours truly,  
OLD JOHN LEVELHEAD.

**Obituary.**  
With feelings of deepest grief I mention the death of A. W. Brown, who died February 12th, 1880, aged 29 years, 5 months and 25 days. His sufferings were long and severe, but his last words were spoken in praise of his Creator. He leaves a wife and one child.

Over the river they becom to me  
Loved ones, who cross to the other side  
The gleams of their shining robes I see  
But their voices are lost in the dashing tide.

We see not the angels who meet them there,  
But the gates of that city we cannot see,  
But over the mystic river of death  
My brother is waiting to welcome me.

POINT PLEASANT, KY. E. W. B.

**More Improvements.**  
Messrs. Metz Wymond & Co. will begin the erection of a large stove factory at Elm Lick on the 7th inst. They propose making four barrel stoves and heading, and will thus create a demand for a large amount of timber that has heretofore been wholly worthless. They will work quite a number of hands which will make Elm Lick a live little village. They will sell on a post office, depot, and probably telegraph operator there. We hope to see many more business enterprises started in this county soon.

Rescued from Death.

The following statement of William J. Coughlin, of Somerville, Mass., is so remarkable that we beg to ask for its attention of our readers. He says: "In the fall of 1876 I was taken with a violent bleeding of the lungs followed by a severe cough. I soon began to lose my appetite and flesh. I was so weak at one time that I could not leave my bed. In the summer of 1877 I was admitted to the City Hospital. While there the doctors said I had a hole in my left lung as big as a half dollar. I expended over a hundred dollars in doctors and medicines. I was so far gone at one time a report went around that I was dead. I gave up hope, but a friend told me of Dr. Wm. Hall's Balsam for the Lungs. I laughed at my friends, thinking that my case was incurable, but I got a bottle to satisfy them, when, to my surprise and gratification, I commenced to feel better. My hope, once dead, began to revive, and to-day I feel three years better."

I write this hoping you will publish it, so that every one afflicted with diseased lungs will be induced to take Dr. Wm. Hall's Balsam for the Lungs and be convinced that consumption can be cured. I have taken two bottles, and can positively say that it has done more good than all the other medicines I have taken since my sickness. My cough has almost entirely disappeared, and I shall soon be able to go to work."

WEDDING BELLS.

MARRIAGE OF Mr. J. C. Layton to Miss Maggie M. Haydon.

Last Thursday evening, at 7:30 o'clock, at the residence of the bride's parents, Miss Maggie M., eldest daughter of Mr. and Mrs. Samuel D. Haydon, was united in marriage with Mr. John C. Layton, of Riley's Station, McLean county, Rev. E. H. Maddox officiating. The attendants were Mr. J. W. Roach, of Evansville, and Miss Nannie Alexander; Capt. H. D. McHenry and Miss Maggie King, and Lycurgus Barrett and Miss Alice Jarboe.

The bride, a beautiful blonde with golden hair, was attired in cream color, trimmed with ox-blood colored satin, and was decorated with orange blossoms. Her dress was made "Princess" style, with long train, which was very becoming to her tall, graceful form. Dress, however, could add but little to the charms of one so beautiful, for when she advanced, leaning on the arm of the groom,

"I would ween  
Some angel she had been,  
Sprinkled with pearls and peering flowers  
Between."

Did like a golden mantle her attire;  
Her modest eyes, ashamed to behold  
So many gazers as on her did stare,  
Upon the lowering clouds did stare."

Miss Alice Jarboe wore a wine-colored silk, with old gold trimming and pretty ornaments. She never looked more beautiful.

Miss Maggie King was dressed in blue, trimmed with silk of a darker shade, and wore cream-colored lace. Miss Maggie looked very beautiful, as she always does, and performed her part with easy grace.

Miss Nannie Alexander was dressed in garnet-colored satin overdress, with white tulle about her neck and pretty ornaments. She, too, rendered her part in a graceful manner.

The groom and groomsmen wore black dress suits with white kids and white ties.

The groom is an energetic enterprising young man and well worthy the prize he has won.

Many elegant and beautiful presents were received by the bride.

After the ceremony had been completed and the couple had received the congratulations of the friends present an excellent supper was served. The wedding was rather quiet, only a few friends besides the relatives and members of the family being present.

In honor of the occasion Hartford Cornet Band gave a delightful serenade about 10 o'clock, which was responded to by a sumptuous lunch set before them.

At half-past 9 Friday morning the happy couple left for Riley's Station, the home of Mr. Layton. They have our best wishes for their future happiness and success.

**The Holy Fool.**  
And ring of gold, no fond thirsons now,  
Bind her as his. Across the threshold led,  
And every tear kissed off as soon as shed,  
His house she entered—there to be a light,  
Shining within when all without is night;  
A guardian angel o'er his life presiding,  
Beside him pleasure and his love dividing.  
How oft her eyes read his; her gentle mind  
To all his wishes, all his thoughts inclined;  
Still subject, even on the watch to borrow  
Mirth of his mirth and sorrow of his sorrow!

**Public Sale.**  
I will, on the 22nd day of March, 1881, at my residence, six miles South of Beaver Dam, on the Hartford and Rochester road, offer for sale, to the highest and best bidders, the following property, viz: my fine trotting and saddle mare, one brown horse, nine head of young cattle, (seven steers) one full-blooded Cotswold buck, one fine Berkshire boar, one Berkshire sow and seven pigs, one two-horse buggy and harness, one new sulky and one new patent wheat fan. Terms, cash in hand. W. A. GORDON.

The Friend Again.

A few nights since Mr. Sam Ferguson, White Run, this county, was aroused by a noise and on going out he found that some one had been about the yard. On examination he found a pole with a fishing hook attached with the marauder had been trying to fish Mr. F's pantaloons out through the window. When Mr. Ferguson arose the room was filled with fumes of ether and he thinks it was blown through the key-hole. This is not far from the scene of the affair at Jno. Daugherty's, an account of which we gave last week, and we are inclined to think the same hand is in it. The citizens of that vicinity should take steps to ferret out the miscreant as life and property are not safe while such a condition of things exists.

SHADOW FROM STABLELIGHT.

"In the Stablelight, in the Stablelight."

In the evening, when the trio of bright stars are visible in the west, if you will open the door of a hall toward the west end of the stable, by the wall you can see the light of the stars on the east wall. Move across the hall and you can plainly see your shadow.

The Poll-Tax Question.

Editor Herald: After carefully perusing the article, "The Poll-Tax Question," by E. C. Hubbard, Esq., the conclusion was forced upon me that, while endeavoring to be just, he misapprehended the question.

It is well known in the sheriff's office that the delinquent tax list is not exclusively a poll-tax list. An examination of the record develops these facts:

1. Number of delinquents..... 106  
2. Number relieved by county court..... 10  
3. Negro paupers..... 210  
4. Listed under age..... 199  
5. Listed under age..... 199  
6. Listed under age..... 199

These items, of course, must be deducted from the whole list, leaving \$59 a real delinquent list; but this is not to be understood as polls alone, but as lists, including lands and other property as well as polls.

It seems that Mr. Hubbard's chief solicitude is on account of the size of the list, and I would specially remark to the editor that the foregoing list is not a delinquent list, but a list of the delinquent list of 1879 was charged, reports having collected a large per cent. of it, and I presume sheriff South was successful in collecting a considerable proportion of the remainder of that list. It is safe, then, to say that 75 or 85 cents on the dollar of the delinquent list of 1879 will be made available for county purposes.

The understood object of a poll-tax, Mr. Hubbard says, is to make those men who have no property contribute to the county expenses. This is not strictly true. The prime object of such a tax is to lessen the burdens on realty and personalty, and if in the natural course of things the property holders are called upon to contribute their mite to swell the general coffers of the commonwealth, it is but what he ought to do. A misanthropic man paid by him cannot work any great hardship to him or his.

The charge that 25 per cent. of those liable to a capitation tax have failed to pay it, and therefore have refused to pay it, is another of Mr. Hubbard's mistakes, being false in logic and unsupported by the facts. Nor does the gentleman intend to say that the delinquent list of 1879 was charged, reports having collected a large per cent. of it, and I presume sheriff South was successful in collecting a considerable proportion of the remainder of that list. It is safe, then, to say that 75 or 85 cents on the dollar of the delinquent list of 1879 will be made available for county purposes.
